Matt

I got your voice mail message as well regarding the WRN. Lam and I will review the WRN and get back to you.

Subject: Workplan Refinement Notice AOI-1-2 - US Oil Recovery Superfund Site

Raji, I know you are on leave this week. I've cc'd Carlos, as requested.

As discussed last Friday, attached is a Workplan Refinement Notice (WRN) addressing three items:

- 1) Delineation of Possible Historical Burial Pit using geophysical methods
- 2) Former Vault Delineation
- 3) Background Soil Sampling

Below is our tentative schedule, pending review of the WRN:

Week of August 22 - contingent on WRN approval, we plan to mobilize for the background soil sampling, geophysical survey of the burial pit and vault delineation.

Week of August 29 - this will be our next drilling mobilization and we will drill as many on-property locations as are accessible that week. We believe there are only one or two that we will not be able to access.

Please contact me with any questions.

Regards,

Matt
